

IN STIFF competition at Vegreville exhibition good grooming will tell, Her Elvin Clements, Vegreville cattleman, says his docile Hereford for ring. Animal seems to enjoy cooling bath on shimmering day.

Judging Completed In Cattle Classes

VEGREVILLE, Aug. 2.—Livestock judging in all but horse classes was completed at Vegreville yesterday.

First day's attendance was only average but yesterday an estimated 5,000 defied the hot sun in best gas receipts, watch the judging, enjoy the midway and the grandstand performance.

Livestock winners were: Beef cattle, Herefords, grand champion, H. Zeigler and Sons, Vegreville. He also won the reserve and the grand feeder champion, Reserve feeder was won by Elvin Clements, Vegreville.

Shorthorn, grand champion, J. Hennig, Andrews, reserve, Hennig, grand feeder, P. Ramo, Lay, reserve feeder, W. McCutcheon, Lay, grand.

Aberdeen Angus, grand champion, Guy Wilbers, Lay, reserve, reserve champion and reserve grand feeder award, Grand feeder award went to W. Wynniatt, Royal Park.

Dairy cattle, Holstein, grand champion, Shorthorn, Rylo, reserve, William Lemski who won in the grand feeder class, Mayer brothers, Vegreville won the reserve feeder award.

Archie, T. Selph and Son, Vegreville won all classes.

Jersey, Dale Cole, Vegreville won both grand and reserve champion. Hogs, Yorkshire, grand champion, A. Schmidt, Vegreville, reserve, Schmidt, Grand champion and reserve, F. Semelink, Vegreville.

W. McCutcheon and Guy Wilbers won all classes in the sheep.

He emphasized that "spare" buying in the part of householder had caused an artificial shortage in Edmonton.

Wholesalers here out the story of "war scare" buying.

"Customers who normally buy 200 pounds of sugar at a time have suddenly discovered a pressing need for 1,500 pounds," they said.

The same stepped-up scale applied to individual customer buying, retailers stated.

"People who never bought more than five pounds of sugar at a time in their lives, now want a 100-pound sack," they reported. "It will be in their basements for months while other buyers cope with a shortage," they added.

Liberals To Meet
GRANDE PRAIRIE, Aug. 2.—The annual open Liberal Convention for the Constituency of Peace River will be held in McLean today.

Speakers will be Ben W. J. Stambaugh, J. Harper Prosser, M.L.A. and Provincial Liberal leader, and others.

\$100,000 Gold Bullion Found, Bandits At Large

MINNISC, Ont. Aug. 2.—(CP)—Three gold bars from Constancia Mines Ltd., were found about seven hours later near an abandoned, fire-damaged automobile at 25 miles east of here.

A Minnisc Daily Press reporter who telephoned the news here said police believe the bandits' getaway car suddenly burst into flames, forcing them to run for their lives, leaving the bulk of the find.

It was not immediately learned here whether the gold was found in or near the wreckage of the auto.

VAULT BLASTED
The fire may have been caused by the acetylene torch used by two bandits in the daring early-morning robbery. Or it might have resulted from a short circuit in the engine of the car, police said.

The automobile was stolen from Bill Edwards, the Constancia Mines workman who was overpowered by the pair of hooded robbers. As he lay bound on the floor of the mine office, they blasted open a vault and an inner safe containing the gold.

Recovery of the car near the tiny settlement of Barber's Bay, was reported shortly before noon. It was about two hours later that

LIFE OF SHOW horse is easy one compared with work on farm. Those shown by Ted Umphrey, Vegreville, take full advantage of it during fair week and do little but eat and sleep while Mr. Umphrey puts them in tip-top condition.

HEREFORDS BRING \$15,000 TO CAR MAN

WINNIPEG, Aug. 2.—(CP)—Forty-three white-faced Alberta Herefords Monday brought an average price of 31 cents a pound to set a record for steers sold on Manitoba's open market.

With an average weight of 1,155 pounds, they brought some \$15,000 to owner J. D. McElroy of Car, Alta. Purchaser was Canada Packers Ltd.

County leader Lanchester piled up 433 runs through all five-fifth-century stand by all counties. John R. and Captain Nigel Howard announced 126 in 110 minutes.

Dennis Compton, Middlesex and England Star, slashed up a career 66 against Leicestershire batsmen, using a Munder had him caught at the wicket.

At London's oval the West Indians touring team took full advantage of the green grass to turn back Surrey for 72 for three wickets.

W. McCutcheon and Guy Wilbers won all classes in the sheep.

Jersey, Dale Cole, Vegreville won both grand and reserve champion. Hogs, Yorkshire, grand champion, A. Schmidt, Vegreville, reserve, Schmidt, Grand champion and reserve, F. Semelink, Vegreville.

W. McCutcheon and Guy Wilbers won all classes in the sheep.

He emphasized that "spare" buying in the part of householder had caused an artificial shortage in Edmonton.

ONE OF THE busiest men in town is Mayor Charles Yuill. Besides his duties in this public office he is chairman of the Barrhead School Division and is exalted ruler of the BPOE lodge. Then he has a farm and is a butcher but still finds time to give his personal support to every community enterprise. Town is too busy for him to declare civic holiday Saturday.

Athletic Association Sponsors Tournament

Sponsoring the Barrhead and district Little World Series is the Athletic Association.

This association has been the sponsor of almost every sport in the town for many years and is responsible for building the 600 seat grandstand and the skating rink.

The men behind it have been particularly anxious to promote junior sport and have backed the pee-wee and bantam hockey teams as well as boxing and other sports. Tennis and football have also been given a boost by the Barrhead Athletic Association.

The golf club has requested the association to sponsor it this summer but so far no decision has been made.

Members have been up to their ears in making arrangements for the sports day Saturday and Sunday of this week, and with five away on holidays the burden has been more than doubled.

With part of the funds obtained from the ball tournament a new fence will be built around the grandstand and the remainder put aside for future sports.

President of the association is T. Roberts, vice-president Charles Braune, secretary-treasurer W. H. Graham, executive T. Weekes, Dr. A. Harder, E. Holmberg, E. Sinclair, J. Slaughter, J. Smith, D. Ott and Roy Harris.

Blind To Justice

CLINTON, Tenn. (CP)—The case was declared a mistrial and a juror was sentenced to 18 days in jail and fined \$50 for contempt of court. He had failed to appear for jury duty because he was drunk. Furthermore, he told the judge, he had been drunk while sitting in the jury box the previous day.

Booming Barrhead Too Busy For Holiday

Booming Barrhead is so busy these days the city fathers have decided against declaring a civic holiday even on the biggest sports tournament it has staged.

Named Barrhead and district Little World Series, the first day July 3 is a Saturday and officials feel country shoppers who may have come a long distance would prefer the stores to remain open. But everyone will be able to put business aside Sunday and take in the fun on the last day of the two-day event.

Barrhead has been booming away without making very much noise about it for the last few years.

The water system is being extended and various new public buildings as well as numerous private dwellings are under construction.

THEATRE

One of the larger buildings is the \$70,000 movie theatre constructed by William Oudachuk and the old theatre made into a bowling alley.

Barrhead's shopping radius is extensive and includes post office point of Manica, Freedom, Lawton, Stewartville, Mossie, Rosette, Campsie, Moose Willow, Mystery Lake, Tiger Lily, Vega, Mellowdale, Neerlandia, Camp Creek, Holmes Crossing, Fort Assiniboine, Dora, Times, Freeman River, Topland, Lumsden and Napanee.

It is the central office for Barrhead School Division No. 58.

Members on the board are F. Armstrong, Hugh Ridge, Carl Mast of Neerlandia, J. O. McArthur, Fort Assiniboine, William Sutherland, Barrhead.

The secretary-treasurer is Miss C. M. Baker and of the 70 teachers included 24 are in Barrhead.

There are more than 2,000 pupils in the district and of these 12 bring pupils to Barrhead's new composite High school.

No Retirement For Hunter

BEATON RIVER, B.C. (UPI)—Bill Longhurst, 54-year-old guide who has led countless hunting expeditions in the northwestern wilderness, said that he would never retire.

"Maybe I'll quit when I get to be 100," he said. "But why should I retire when I don't feel like it?" The veteran hunter, who has brought many world records of his clients, is still as strong and active as a man half his age. He runs a hotel on the Alaska highway near here, but most of the time he leaves it in charge of his wife and daughter while he goes out in the bush.

If you have \$100 and three weeks holiday to spare, Longhurst will take you out after mountain goat, stone sheep, moose and even grizzly bear. Last year he guided 20 hunters out after game, and all came home with trophies to hang in the front hall.

This year he has already helped a client shoot a ram that is said to rival the three world records.

Longhurst was born on a farm near Morden, Man., and started work as a grain buyer when he was 17. On one of his trips, he managed to shoot an elk and a black bear. There and then he decided to become a guide. In 1930, he moved up to the Peace River country to live.

"Those were the days of the depression," he recalled. "But that

GROWING NORTHERN town of Barrhead has expanded to so much that extension of sewer mains has been necessary. Added to busy business section of which this street is part, is a brand new \$70,000 theatre besides many other business shops and dwellings.

didn't bother me much. If things got tough, I just went out and shot a moose."

It was during those years that he explored the wild country in the Northern Rockies, making his way across Pine Pass to the flat highway between Dawson Creek and Prince George.

In the winter of 1940-41, Longhurst made a trip by dog-sled from Fort St. John, B.C., to Fort Nelson.

The trip took him 14 days, while now you can make it in 24 hours along the Alaska highway. When he reached Fort Nelson, he heard that the U.S. government was going to build the famed highway, so he turned right back to see if he could help.

He was given the job of setting up the first survey camp at Fort Nelson. Then he drove a truck on the new highway, and later got the job of assisting engineers for the U.S. army.

But in 1947, when hunters started coming to the North West again, now you can make it in 24 hours along the Alaska highway. When

he reached Fort Nelson, he heard that the U.S. government was going to build the famed highway, so he turned right back to see if he could help.

New House For Veteran Of 1914-18

ST. JOHN'S, Nfld. (CP)—The comradeship of war has been extended to peacetime by a group of veterans here.

The department of veterans' affairs branch learned of a First World War veteran, a cripple, whose house was in a hopeless state of repair. He had a crippled son, little money, and a leaky roof.

The St. John's vets decided he

needed a new home. On weekends, members of the department's staff felled and trimmed 130 trees. The Canadian Legion paid to have the logs hauled to a sawmill. A carpenter-builder built the house at a nominal fee—in the garden near the displaced old one.

A DVA staff member donated window sashes; the Legion provided window glass, ice and hardware. The joint services headquarters donated doors and ceiling material salvaged from demolished army buildings. Then the DVA staff slapped on the paint—and withstood the lucky veteran's name.

FROM THE AIR Barrhead gives appearance of a well-planned city with wide streets, shade trees and sidewalks. Improvements are being made each year and population is increasing. Town serves a wide area of good farming district and besides there is lumbering. Recent oil discoveries indicate a bright future

Pioneers Named Barrhead After Old Scottish Heath

By W. H. Graham
Bulletin Correspondent

Around the turn of the century, 1906 to be exact, some hardy pioneers decided to hit the Klondyke Trail out of Edmonton and settled in the Paddle district.

With some Scots in the crowd who had left their native heath of Barrhead, Scotland, their first store naturally took the same title. Loading their grub stakes and personal belongings on Red River carts or wagons drawn by oxen, or horses, the pioneers found the district to be ideal homesteading country.

A co-op store was opened, probably the first co-op in Alberta, and a postal contract was obtained. Mail at that time was shipped by rail to Morinville, overland to River Gue Barre, then on to Redwater where it was picked up by Tommy Quint who landed his old Red River Cart, and made the trip into Barrhead.

RAILWAY ARRIVED

Later the Northern Alberta Railway arrived, but to the chagrin of the settlers, the townsite was three miles distant. A move was accordingly arranged to the present site of the town of Barrhead, but the wisdom of this has often been doubted, as the old town was high and dry while the new location is at a much lower level.

However, in the interval between 1906 and 1927 many original settlers had given up hope of getting rail service and had decided to seek greener pastures. The wisdom of this has often been doubted, as the old town was high and dry while the new location is at a much lower level.

Kenney Robertson, now owner of the largest store here, is still hale and hearty after being credited with the honor of mayor of the first village council. Norman Scott followed Kenney in 1928 and now is member of the town council.

FIRST ELEVATOR

The first grain elevator to arrive was the old Home Grain, now owned by Seattle Grain Co. but three others were soon on the spot and at the present time Barrhead has

Canadian Travel Costs Increase

OTTAWA, (UPI)—Add to the rising cost of living:

Canadians paid 7.5 percent more for bus and train trips in March, 1950, than they did a year ago even though there was a decline of 2.5 percent in the number of passenger miles travelled.

The Dominion Bureau of Statistics reported that revenues of transportation companies jumped from \$11,399,895 in March, 1949, to \$12,897,575 this year because of increased fares.

sports association, sponsors all types of athletics, and baseball and hockey starts from the ground up with bantam, midget, juvenile, junior and senior teams operating. Sports days are held May 24 July 1 and a Summer two-day baseball tournament every year.

The post office sends mail out to 22 district offices. The new \$70,000 theatre is rapidly nearing completion and building lots are getting scarce so that more land will shortly have to be incorporated into the town. Main streets are cided while sewer and water extensions are planned for this year. Several oil wells are producers and at present drilling is going on. It is a significant fact that the Northern Alberta Railway has recently extended their truckage facilities at this point.

Barrhead probably boasts as good a sports grounds as any town in Alberta, with three baseball diamonds, parking space for 2,500 cars, and a large grandstand. The race, and a large grandstand. The race, and a large grandstand. The race, and a large grandstand.

Little World Series Arrangements Complete

Arrangements are complete for Barrhead's Little World Series, August 3 and 6.

With a limit of eight teams set for the senior baseball, the following clubs have been accepted: Horse Hills, Namsa, Westcoast, Imperial Pipe Line of Redwater, Barrhead Seniors, Gibbons, Calmar and Onoway.

The draw is as follows:

First Round

Namsa vs. Ben Accord.

Athabasca vs. Calmar.

Barrhead vs. Onoway.

Horse Hills vs. Imperial Pipe Line of Redwater.

Seni-Finals

Athabasca or Calmar vs. Barrhead or Onoway.

Horse Hills or Imperial Pipe Line vs. Namsa or Ben Accord.

Final game is on Aug. 6 at 3 p.m.

INTERMEDIATES

Barrhead Juniors vs. Shoal Creek.

Freedom vs. Meadowdale.

High Ridge vs. Mosside.

Meadowview vs. Linnar.

Vega vs. Manita.

Chinchillas cost retail for about \$25.00.

"With a herd of 100 pair of leewards producing 200 pups a year, a rancher could make himself a nice little profit of around \$5,000."

Couple Keep Chinchillas As Hobby

WINNIPEG, Man.—(UPI)—Chas. Addison, an insurance man, keeps his future in his basement and hopes it will some day yield good profits.

Addison raises expensive fur-bearing chinchillas as a hobby. He started with one pair worth \$1,500 and now has a dozen pairs in wire cages in his basement. He hopes to enlarge the "stash" this fall and eventually devote his full time to the chinchilla fur industry.

Chinchillas cost retail for about \$25.00.

"With a herd of 100 pair of leewards producing 200 pups a year, a rancher could make himself a nice little profit of around \$5,000."

"Until they produced their first litter the wife and I kept our fingers crossed, hoping nothing would happen to them," he added.

Kileen, his wife, is enthusiastic about the hobby with money-making possibilities. She said she used to look after the animals. "They are so clean and affectionate."

"The chinchillas are herbivorous animals that sleep during the day and wake in the evening. They eat for life in most cases and average two litters a year with one to four in a litter."

Stan Mohr

Sports Editor

The Clients Write . . .

June White, 205 Allan Block: "I read on the sport page of today's Bulletin when the manager of the Oliver St. Pats. Mr. George Hall, gave 'Shadow' Malkewich pre-game instructions to keep his foot on feet-footed Al Skosen, star of the Ukraina team.

"The shadow did a very thorough job and his team can give him credit. Did he also get instructions to injure Al Skosen?"

"We, the spectators, all saw that it was not an accident. I like soccer but I like to see it played fairly."

M. Luckovich, 10763-95 St.: "Soccer, when played right, is one of the finest and most scientific of games. But as played in Edmonton it is in danger of deteriorating into a shin and rib busting brawl."

"In a recent game at Clarke Stadium one of the most graceful, skillful and gentlemanly players ever to hit these parts had a couple of opponents continually crowding him."

"Game finally culminated in the star being tripped just prior to making a shot that was obviously ticketed for a goal. Two opponents fell on top of him, while a third raced over and viciously kicked him in the ribs."

"The crowd, sensing foul play, immediately began to surge on the field. But when the injured ace arose the crowd went back to their seats."

"The newspaper's report of the game (Ukraina vs. St. Pats) had this to say: 'Malkewich, playing center half, had pre-game instructions from George Hall to keep his foot on feet-footed Skosen. No one could do a better job. Indeed! And did these instructions also include kicking Skosen in the ribs as well?'"

"Skosen, to be fair, has given us an admirable example of speed, accuracy, skill and chivalrous conduct. Make a note of that, Mr. Malkewich."

Comment: Not having taken in the Ukraina-St. Pats what-was-it, I only know I read in the paper, as well as the White and Luckovich versions.

However, it does seem that the soccer form has come alive in a big way since the arrival of the Ukraina team into the Edmonton and District Football Association.

If, as suggested in the pair of letters reproduced above, Skosen was given the works by certain members of the St. Pats team, the responsibility probably rests with the officials who were in charge of the game.

In the meantime I'm in no position to condemn Tony Malkewich nor any other member of the Irish."

Jerry Swainston, general manager of the Ukraina team of the Eskimo-Calgary Buffalo series at Renfrew Park over the week-end who stated that the homer hit by Chet Vasey in Sunday's second game was "his eighth of the campaign."

"Unless I'm mistaken, that was Vasey's ninth."

Comment: Mr. Swainston is so right. Credit us with a statistical book.

Just A Fan: John Ducey hardly needed to urge the police to attend games just for the sake of seeing Bob Lillis perform.

"The baseball dished up this season is good—and as long as it stays that way the turnstiles will click on Tuesday, Friday and Saturday at a pace comparable to Sunday's."

"Did Albert Superstein retire? I thought he loved to play the game."

Comment: Whatever about Sunday's "click-click," as just A Fan phrases it, the silver collection now averages about 18 cents a head. Is it any wonder John Ducey yawns for the day when Sunday baseball will be "legalized" hereabouts.

And, of course, the hockey, soccer and football men should be pulling for such a development, too.

As for Albert Superstein, there's no doubting he at least liked playing baseball. Also there seems little reason to doubt but what he has retired.

Phils' Mound Ace Called Up By Army

INDIANTOWN GAP, Pa., Aug. 2—(AP)—Southwest pitcher Curt Simmons of Philadelphia Phillies yesterday became the first major league baseball player called to active duty with U.S. armed forces as a result of the Korean war.

His loss will be a terrific jolt to the club's pennant hopes.

Simmons, a private with the Headquarters Battalion, 20th division artillery, Pennsylvania National Guard, has been here since Saturday for the division's annual two-week summer encampment.

He had just completed arrangements to fly to Philadelphia to pitch last night against Cincinnati Reds when his division was called to active duty, to report in 10 days.

Simmons, 21, has won 14 games and lost only five in 24 starts at the top among National League pitchers. He has been a principal factor in keeping the Phils at the top of the league standing.

Simmons possibly could pitch six or seven more games this month, and might reach the 20-game winner circle by the end of the month.

However, he will be lost to the club for the September stretch drive when, as it now appears, the Phils, Dodgers, Cards and Braves will be battling for the pennant.

Simmons had been a member of the

A's FAT MAN PICKS TRIBE FOR PENNANT

CHICAGO, Aug. 2—(AP)—James J. Dyke, the famous 175 lb. man of baseball, predicts Cleveland will win the 1950 American league pennant.

Currently operating as Connie Mack's assistant with the Philadelphia Athletics, Dyke says he is picking the Indians on "power" and pitching, and an unbreakable combination for a pennant machine."

Dyke, dismissed Detroit Tigers in this manner: "We just left Detroit, where we were three games down and believe me we should have swept the series."

Tigers Win 7-3 To Open Series

NEW YORK, Aug. 2—(AP)—Veteran Paul (Dizzy) Trout, with a big assist from Vic Vetter's booming bat, turned back New York Yankees 7-3 on a six-hitter last night at Detroit as Tigers boosted their American league lead to a full game over the New Yorkers.

Trout was a last-minute pinch hitting selection when young Art Hays, who had whipped the Tigers attack, He slammed out a home run to right field in the third inning, and a sacrifice fly in the fourth.

REACH SEMIS

Montreal In Soccer Win

MONTREAL, Aug. 2—(CP)—Montreal Hawks last night downed Toronto Mahers 2-1 to win a best-of-three Eastern Canada soccer final series 2-1 and a berth in the Dominion semifinals.

Montreal took the first game Saturday and Mahers won the second Sunday, 1-0.

The Montrealers now meet Winnipeg Scottish next Saturday. Winners of that series will go to Vancouver to play the finalists of an Alberta-British Columbia series.

Montreal took an early lead last night when Pete Golder kicked at the eight-minute mark. Joe Gouds tied the score five minutes later.

Lee Fauskas got the winning marker for Montreal after 27 minutes of play.

Hong Kong Frets About Own Affairs

HONG KONG—(CP)—This seaport colony on the China coast, Britain's one direct frontier with Communism, seems to be more concerned with domestic problems than with the conflict in Korea.

Biggest headache at the moment is the huge number of refugees that continue to pour into the colony. According to Governor Sir Alexander Grantham, the settlement has a higher percentage of refugees than any other city in the world.

Its population, now reported to be over the 2,000,000 mark, includes only about 15,000 Europeans and Americans. The remainder are mostly Chinese. This is more than twice the pre-war figure, and some 20 per cent higher than last year.

These refugees are preventing the city with many problems of food, education and administration.

IMPROVED STANDARDS

But, despite the large influx, which reached a high of 10,000 a week last year, there have been no signs of widespread starvation; the standard of nutrition, in fact, has not deteriorated at all. General health, at the same time, has improved. In 1960, for example, there were 7200 cases of beriberi in the colony; last year the figure was 100.

There is a serious shortage of water, supplied mostly by underground, but investigation is under-

SACRIFICING, Phil Rizzuto hunts and breaks for first base, but touches ground. By contrast, catcher Aaron Robinson of Tigers seems frozen in his crouch. Southpaw Hal Newhouse threw out

Yankees' shortstop, but Gene Woodling moved to second. Red Rolfe's Tigers increased their American league lead last night with 7-3 conquest of New York in Detroit.

Bruins See Lynn Patrick As Future Team Manager

North Koreans Digging Shelters

LONDON, Aug. 2—(AP)—A Russian correspondent in North Korea reported yesterday that residents of the North Korean capital, Pyongyang, are frantically digging air raid shelters to protect themselves from American bombers.

Since July 25 he said Pyongyang has been bombed every day.

Alexander's Son Off to Jasper

LONDON, Aug. 2—(CP)—Shane Alexander, 18-year-old son of Canada's governor-general and Lady Alexander, left yesterday en route to Canada to spend the summer holidays with his parents.

Shane, who goes to school at Harrow, will join his parents in the Rockies.

Seek Murph

CHARLOTTETOWN, Aug. 2—(CP)—It was announced last night that Erwin (Murph) Chamberlain may handle the coaching chores for the Charlottetown entry in the Maritime Hockey League next season.

Chamberlain, who piloted Sidney Millinette to the Maritime championship last year, is due here Friday to discuss the possibility of taking the job.

BOSTON, Aug. 2—(AP)—Lynn Patrick will coach Boston Bruins for the next two seasons and then step into the manager's job, general manager Art Ross of the National Hockey league club, said yesterday. Milt Schmidt, current Bruins captain, will succeed Patrick as coach.

Ross disclosed the plans of the Bruins in the course of a conference with hockey writers on the occasion of Patrick's first official visit to the Bruins' headquarters.

"We've brought Lynn in here as a coach," Ross told the writers.

TO MOVE UPSTAIRS

"He's not an interim coach. He's the coach and he will be for two years. By that time he should be able to take over in here when he'll be succeeded on the bench by 'Schmidty' (Milt Schmidt)."

"Schmidty" deserves it—and, by the way—we haven't told him about this yet.

"But 'Schmidty' can't play and do the coaching. He will work with Lynn the next two seasons and then should be able to replace him and Lynn should be ready to run the office."

"Do you mean," asked a writer, "that he'll succeed you?"

"Yes," replied Ross. "I'm not going to be any younger two years from now, you know."

MIXTURE YOUTH, AGE ON AUSSIE NET TEAM

NEW YORK, Aug. 2—(AP)—Three youngsters and a veteran will represent Australia in the Davis cup interzone final against Sweden Aug. 11-13 at the Westchester Country Club, Rye, N.Y.

The youngsters are Frank Sedgman, 22, present Aussie singles champion; George Worthington, 21; and Ken McGregor, 20. The old man is Jack Bromwich of the famed two-handed forehand, a veteran of cup play since 1939.

Non-playing captain Harry Hopman announced the selections.

Canucks Snatch Senior 'B' Lead

Exploding for six runs in the sixth frame, Canucks took a 1-0 lead in the best-of-three Senior 'B' Baseball league semi-final by edging Oilers 9-8 at Diamond park last night.

The winners knocked starting pitcher Ken Bailey from the mound and before another Ken, i.e. Branch, put out the fire in the fatal sixth, a half dozen Canucks crossed the plate.

Catcher Cam Webster got one back for Oilers in the seventh but winning pitcher Pete Andrews retired the side before a tying run was engineered.

At Ritz was the leading hitter of the game. Ritz collected three hits, including a home run in the fifth inning, in a losing cause.

Oilers — 80 90A 1-0 1-3 1-3
Canucks — 80 216 3-0 1-2 1-3
K. Bailey, LaRochette and Webster; Andrews and Pundick.

Norwegian air lines last night carried 152,000 passengers.

Locke Returns From 'Exile' To Play in Tam O' Shanter

By Jerry Lisak

CHICAGO, Aug. 2—(AP)—Golf's richest competition, the dove-tailed All-American and "World" championship tourneys, worth \$75,000, starts its merry, marathon way at Tam O'Shanter country club tomorrow.

A confusing spectacle normally, the ten circuit is even more bewildering in this, its 10th year. The 10-day outing, which has drawn approximately 400 pros, women and men amateurs, has a staggered start.

ACTION GALORE

Some 43 feminine shooters start their phase of the 72-hole All-American tomorrow.

At the same time, 233 professional will try to qualify for Weta in the \$20,000 main event.

Friday will bring the women's second round and the first round for 141 amateurs. On Saturday, the All-American will be in full swing with 16 pros, including 20 seeded stars, playing their first round.

A week from tomorrow, the \$55,000, 72-hole world meet begins for 32 pros, eight women pros, women amateurs, and 16 men amateurs, all of whom must have played in the All-American.

The professional field includes just about all of the game's top names, with the exception of U.S. Open Champion Ben Hogan.

LOCKE RETURNS

Bobby Locke is entering, returning to American fairways after a year's exile imposed by the Professional Golfers Association of America. The ban, credited to Locke's failure to keep a few American duties, was lifted early this year.

Six of last year's seven champions are among the hot-shots who will do their stuff in the complex tourney.

These include Lloyd Mangrum, All-American pro, Johnny Palmer, "world" championship pro, Frank Stranahan, All-American amateur, Babe Zaharias, women's "world" pro, Grace Lenzky, women's "world" amateur, and Louise Suggs, women's All-American open.

Postpone

Juvenile Titled

Tonight's scheduled Juvenile Boys' Football league games have been postponed to tomorrow night because of the Intermediate Football league playoffs.

Tomorrow night Pontiac meets Anavets and Maple Leafs play Moose in juvenile action on the West Kingsway diamond starting at 6:30.

MONTREAL, Aug. 2—(CP)—Alec McFar of Toronto and Jean Richard of Montreal—both lightweights—last night fought to a 10-round draw here.

Sports

10 EDMONTON BULLETIN, Wednesday, Aug. 2, 1960

'KICKER' KIJEK SHOWS AT TIGER-CAT DRILL

HAMILTON, Aug. 2—(CP)—Fred Kijek, long-distance kicker with the 1950 Grey cup champion Montreal Alouettes, turned up at drills of the Hamilton Tiger-Cats of the Big Four last night. Club officials said he is expected to draw a uniform today.

Kijek has not been working out of Alouettes.

It was rumored Hamilton might trade their claim to Joey Pal, now released out with Montreal, in return for Kijek.

Pal is a former Hamilton player.

Capot Captures Season's 1st Win

SARATOGA SPRINGS, N.Y., Aug. 2—(AP)—Green-robes Capot, America's No. 1 thoroughbred, of 1949, reaffirmed his championship qualities as he lead virtually all the way in the 21st running of the Wilson handicap here yesterday before 7,987, his first triumph of the year.

LESSER LEADS LADY GOLFERS IN TOURNEY

CHICAGO, Aug. 2—(AP)—Paced by medalist Pat Lesser of Seattle, Wash., favorites swept through their first round matches in the Women's Western Golf Association junior open yesterday.

Miss Lesser, 16, a medalist in the Canadian women's open last year, disposed of Mary Ann Villegas of New Orleans, 4 and 3.

Milwaukee's Joyce Ziske, favored to meet Miss Lesser in Friday's finale, spanked Starr Cressy, Aurora, Ill., 8 and 7.

The smooth-running four-year-old son of Maroon-P, it was hand-riden by Ted Atkinson to prevail by a length over Mrs. Ron P. Rutherford's Donor.

Addison's Stubb's Arde, second choice in the field of seven, was third.

Capot, odds-on at \$130 straight and conceding 10 pounds to each of his rivals, went over the mile in 1:38 2/5 and added \$11,775 to his previous earnings.

Last year he won six of 16 starts and \$238,335, including two spectacular decisions over Calumet's Coalston which gained for him the horse of the year honors.

Hate-Spreading Laid to Stalin

U.K. Paper Charges Russ PM of Misleading People

LONDON, Aug. 2.—(Reuters)—The Daily Herald today accused Prime Minister Stalin of voicing a doctrine of "hatred and suspicion" and charges the people behind the Iron Curtain are not allowed to read and judge what is happening in the world.

The Herald's official organ of the British Labor party, says Stalin's aim is to "tear" his countrymen into a condition of increasing "war-mindlessness."

"Mr. Stalin has written an article in the Russian Communist magazine, 'Izvestia', the Daily Herald editorial says. 'It is very revealing. It is also very depressing.'

"For it preaches once again the doctrine that Soviet Russia is generally threatened by capitalist 'imperialism'."

ORGANS OF STATE

"It says that in order to avoid being destroyed by this ever-growing Russia must strengthen the organs of the state, the intelligence service and the army."

"Not until there has been a 'victory of socialism in the majority of countries' can these rules be relaxed."

"And, of course, by 'Socialism' Stalin means Communism. He certainly does not mean the democratic Socialism which came to power in Britain in 1945."

VILIFIES SOCIALISM

"All Communism propagandists vilify Democratic Socialism everywhere."

"And in all countries where Communism rules people the Democratic Socialist are marked down for destruction by this ever-growing Russia must strengthen the organs of the state, the intelligence service and the army."

Burglars Believe In Keeping Cool

LITCHFIELD, Minn.—(UP)—To be a successful burglar a man has to keep cool, and that's what thieves did when they burglarized the Meeker County courthouse.

They transferred a large electric fan to the office of the county treasurer, Harold Curtis, while they tackled the job of opening two vaults.

They took effective collective measures for the prevention and removal of threats to the power and for the suppression of acts of aggression—he had his tongue in his cheek."

Goat's Tobacco Chaw Is Banned

DANVILLE, Va. (UP)—As far as anybody knows, E. C. Earpe of Milton, N.C., is the world's champion tobacco chewer.

At a "tobacco chews" contest here, Earpe managed to crowd six ounces of tobacco in his mouth at once, to break the previous record of four and a half ounces set last year.

A goat entered in the contest by a hopeful youngster was disqualified. Mayor Everett Carter said only humans could compete.

SMILING AFTER being crowned U.S. national marbles champions in boys' and girls' division recently at Asbury Park, N.J., are Bobby Retzlaff, 14, of Montgomery, Ala., and Ray Allen, 13, of Greensboro, N.C.

Possible Revision Seen Of Formosan Decision

WASHINGTON, August 2.—(AP)—The United States government is considering reversing its policy of no-arms aid to the Chinese Nationalists on Formosa in order to strengthen defenses of that anti-Communist stronghold.

A final decision by the army and defense departments and the White House is understood to await recommendations from Gen. Douglas MacArthur, who conferred Monday with Generalissimo Chiang Kai-Shek at Taipei, Formosan capital.

The government has already taken one step designed to ease the flow of American arms to the Chinese Nationalists.

An order issued last week permits them to buy weapons through the Defense Department, instead of having to go to the manufacturers directly as they had done for many months.

Responsible officials said today Chiang has an adequate basic supply of weapons for the defense of the island but that he undoubtedly needs spare parts for repairs and also additional ammunition.

Following his meeting with the Chinese leader, MacArthur said plans had been made to co-ordinate American and Chinese forces "to better meet any attack which a hostile force might be foolish enough to attempt."

He thus presented the United States and Nationalist China as being in effect, allies against a common foe.

Chiang himself later announced MacArthur and he had agreed on the foundation of defense of the island.

Chiang had offered 30,000 troops to fight with the United Nations forces in Korea, but MacArthur turned that down as being largely irrelevant to the defense of Formosa.

He said he had offered 30,000 troops to fight with the United Nations forces in Korea, but MacArthur turned that down as being largely irrelevant to the defense of Formosa.

Low January "humanity" declared a "humanitarian" act to military and air units would be furnished.

The announcement followed a decision by the administration, that was a "humanitarian" point of view, that was a "humanitarian" point of view, that was a "humanitarian" point of view.

Immediately after the surprise announcement, the government, however, to prevent drastically modified the policy.

He ordered the United States 7th fleet to guard Formosa against a communist attack, on the ground that the island was a "strategic" point of view, that was a "humanitarian" point of view, that was a "humanitarian" point of view.

He ordered the United States 7th fleet to guard Formosa against a communist attack, on the ground that the island was a "strategic" point of view, that was a "humanitarian" point of view, that was a "humanitarian" point of view.

Pipe All Hands

In days of old, the better cold in pipes of wood did time but wooden pipes today just show our cities pipes are old.

This I would not have believed if it had not been for the unimpeachable source of my information: Away back in good old 1912 when hobbler skiers caused women everywhere to watch their step, some water mains of wood were laid in Strathcona, (now the South Side). During the last few days city workers dug up those moldy old pipes and are replacing them with nice clean steel pipes.

If you don't believe this, go over to the South Side and take a look. Along 88 avenue, between 110 and 111 street, you will see the old wooden pipes lying along the ditches.

Folks over in that district haven't felt any too good since they realized their old pipes. Mortification has set in for both residents and pipes.

It's quite a mess and people must have been drinking water from those pipes right up until this week. My source of information is J. Percival Page who coached the world champion Commercial Grads basketball team for almost as long as those old wooden pipes have been carrying water to South Side people.

I see where CBC's John Fisher says Canadians have lost the old sense of humor. I'll dare Mr. Fisher to say that to a lot of people who attended the exhibition race meet.

People right near the top of my "hate" list: Those who keep on asking you how you enjoyed your holidays long after you've forgotten all about your holidays. People who come back from holidays with money in their pockets.

Peephole Prattle

I've a hope you're better soon message today for Mrs. E. N. Aitken, that very pleasant book-keeper for Adley Construction and Demolition Co. The address is 3001 Avenue 114.

And that reminds me: Have you noticed the famed Bulletin peephole fence that surrounded the Mac hotel extension project some months ago is now doing service at Jasper Avenue and 114 street?

Mr. Adley moved fence, Bulletin sign and all up where he's tearing down some old buildings to make way for a new garage building.

And by the way, when are we going to get a few peepholes in that new fence around the Macdonald construction job? Sidewalk superintendents of Edmonton are becoming impatient.

Understand Western Bridge and Steel Fabricators Ltd. of Vancouver are in charge of things right now. What is that about a word to the wise being all one need utter?

A glad goodnight to all and especially to the guy who found out how to make water pipes out of iron.

St. Paul Sees 5,000 Attending Annual Fair

ST. PAUL, August 2—Today is opening day of St. Paul's two-day exhibition and stampede.

Officials of the Agricultural Society, sponsors of the event, report entries in livestock have surpassed previous years, with some of the finest animals in the country expected on display.

The stampede, which will feature wild cow milking, bull riding, steer-riding, and dozens of other three-minute feats, has increased attendance with each riding competition from all parts of the province. Indian riders have taken from both Meadow Lake, Sask., and Hobbsville.

BIG CROWD To accommodate the expected crowd today and tomorrow, the executive has erected several new bleachers in addition to the grandstand and other bleachers already constructed. The stampede grounds are located within the town limits and at least 5,000 people are expected to take in the events.

Guest at this 25th annual event is Hon. J. G. Brown, lieutenant-governor of Alberta, who will be honored this afternoon at a banquet. Leaders of all St. Paul clubs and organizations are expected to be on hand. Later, the executive of St. Paul Agricultural Society will present Mr. Bowen with a white Stetson hat, as a souvenir of the occasion.

Indians from the nearby reserve of Saddle Lake, near Edmonton, and Redskin have arrived at the camping grounds, where their tents have been pitched on the Lines.

ONE DIALED THE POLICE Restaurant Owners Kind—No More Washing of Dishes

By MIKE MARTIN
Bulletin Staff Writer

But they didn't make me wash those dishes.

The day of a busy restaurant manager, far full of business, leading the luckless man with flattened wrist, toward the kitchen door is something new in Edmonton.

Curious to discover what really happens when a person can't pay for his restaurant meal, I set out to find out.

First call was a waxy, downtown restaurant.

HEY, MA! What's this guy doin' here? He's going to eat my head off, cries Marshall Charchon on his first visit to barber shop.

QUIT YOUR PUSHING, fellow, he orders Edmonton barber John Fred. Marshall Charchon of Mr. and Mrs. Tony Charchon of Clarendon.

I HATE THIS PLACE. I hate everybody, I tell me. Who does you out me hat at home like this? This guy knows his job, I guess. Better keep quiet, says.

SAY, THAT'S kinda nice, isn't it? Makes me feel good. Thanks a little bit. This guy knows his job, I guess. Better keep quiet, says.

IS IT ALL OVER? What about that hair sticking up on top? Pretty fair job, Stalling on it, thanks. Just dry, says.

AND MARSHALL looks like the attractive young man who was named last boy in Northern Alberta division of Bulletin's baby contest.

DOG KEEPS BOY HAPPY

The nickel bottle of pop and the nickel chocolate bar are apparently doomed again.

DOG KEEPS BOY HAPPY

That's what little man Tommy Jeanne, four, of 9702-86 avenue, thinks.

Last week his pet terrier was over and killed by a car.

Alex Lawrence, 8722 84 avenue, Edmonton's humane officer, heard of the unhappy news brought to Tommy.

He offered the boy a new dog.

Yesterday the boy had a new dog and a joyful young man had a new pet.

Check On Pressure

Edmonton waterworks department has been asked to investigate cause of low pressure in two fire hoses used to fight Monday's \$40,000 blaze at Salsation Welding Ltd.

Acting Chief William Ferguson said Tuesday that firemen tested the hydrant to which the hoses were attached and found it functioning properly. The trouble, he said, is something eluding the main feeding the hydrant.

Waterworks employees today can determine this by testing pressure in the hydrant.

Chief Ferguson said the failure of the two hoses didn't seriously hinder firemen battling the blaze in four other lines, pressure was normal.

He said that one of the two weak hoses was shut off to increase the pressure in the second which was being played on the front of the house burning next to the wedding.

A second line functioner normally limited the house heat flame under control there until a booster pump could increase pressure in the weak hose, he said.

Trading Days Are Recalled

Eighteenth century days with their "trading" races between Hudson's Bay Company and the old Northwest Company, of Montreal, were recalled by the South Side Rotary Club's meeting.

Presiding Rotarian at a historical reunion was Rev. W. E. Edmonds, Historical Society of Alberta president.

He spoke on the highlights of western Canadian history. Included was the building of Fort Edmonton by Hudson's Bay Company and Fort Augustus by Northwest Company. The two forts were erected within 200 yards of each other.

89 Farmers Seeking Save the Soil Cup

Fourth Year of Contest Indicates Its Popularity

Indicative of its growing popularity, 89 farmers have entered Edmonton Chamber of Commerce Save the Soil Contest.

There have been 29 entries from Stoney Plain, 20 from Marvill, 10 from Sturgeon, and 12 from Strathcona district.

The contest is in its fourth consecutive year. In fact, farmers, but the most successful farmers don't enter. In fact they're not even asked to enter.

Conservation The aim is to raise the standards of soil conservation in the great districts of Strathcona, Stoney Plain, Marvill and Sturgeon.

Therefore, the farmers with no conservation problems and who want to do something about them who enter the contest.

Since the current contest started early this summer, District Agricultural Commissioner H. J. Whitham and J. M. Fontaine have been visiting counties in the four districts advising them what conservation measures to take to improve their farms.

During the last week of this month, chief judge C. H. Sterling, provincial superintendent of soil conservation and wheat control, will determine the success of their efforts.

Winners will be awarded in the four districts in addition to the Save the Soil Cup which goes to the farmer showing the greatest improvement over a previous year.

Standards Constant's farms are judged on the basis of seven standards: freedom from weeds and soil erosion, condition of summer fallow, adequate rotation of crops, use of grain, use of manure, condition of soil, and general appearance.

The first winner in the area was one of the oldest in the business, Mr. Shaw was hailed out with his first crop. But through personal losses, the settlement gradually grew until it has become the center of a well-known farming district. Mr. Shaw's success in forming the first co-operative store and served on the school board.

Surviving as his wife, three daughters, Mrs. J. Dawson, of the United States, Mrs. R. Wilson, of Melville, B.C., and Mrs. J. Earl, of Tumahawk, and six sons: Fisher and James in Tumahawk, Huddy and John in Edmonton; and Bruce at Altonburg, B.C.

Financial affairs will be held this afternoon at 2 o'clock at Tumahawk Community hall, Rev. L. I. Berry officiating. Interest will take place in the family plot of Tumahawk cemetery.

Jail Terms For Drivers

Minimum sentences of seven days imprisonment for drunken driving were imposed on two motorists, last night, yesterday in police court.

The first, Charles H. Aikman and Albert Hofer, both first offenders, pleaded extreme fatigue as the reason for their conduct.

Aikman, who also received seven days for dangerous driving concurrently with his other sentence, was followed by two by two H.C.M. officers along the Calgary highway near Miller last night.

They said his car was weaving erratically and that he narrowly missed hitting other cars. A police officer pronounced Aikman drunk.

Hofer was observed Sunday evening on the vicinity of 82 avenue and 101 street, Wilkeson said he car mounted curb on each side of a street before sleeping.

Hofer claimed he realized his condition and was trying to stop his car to take a taxi home.

TRADITIONAL CAKE-CUTTING ceremony brings happy smiles to new bride, former Miss Kathleen Elizabeth Gregory who exchanged vows in McDougall United Church with Richard H. Reeves. Bride is daughter of Mr. and Mrs. E. A. Gregory of Edmonton. Couple are making home in Leduc.

Fur Necklets Are Prominent In Parade of Fall Fashions

PARIS—(AP)—If you buy yourself a necklet of fur, mink or rabbit, you'll really wear it—you won't need to buy yourself any new clothes next fall.

For the simple, slim-lined dress with a necklet rimmed in fur is the main feature of the fall fashions, paraded by the French couturiers here.

They have lowered hemlines a little and brought back the curves, sometimes as we recall have, where we started last fall.

The slim skirt is still favored, but it's either cut a little wider, made wrap-around or treated to some back pleats or dainties near the hemline.

There are more full skirts than last year, but except for cocktail and evening wear, all fullness is restrained and unevenly placed.

CROSS OVER—Bodies are simple or swathed into a cross-over effect which often drops into a loose hanging panel threaded through the waist belt to dangle to hem level at one side.

Neckholes, whether high and round or deep-cut, are trimmed with fur. Sleeves are plain, long and undecorated and usually cuffed with fur or satin.

The traditional color scheme of white and black, with touches of red, is still popular, but there are more shades of gray and blue, and some more daring colors.

Simple, elegant, and comfortable are the words for the new fashions. They are simple, elegant, and comfortable.

Our favorite pattern is a simple, elegant, and comfortable design. It is simple, elegant, and comfortable.

Household Arts by Alice Brooks. The simple, elegant, and comfortable design is the key to the new fashions.

Household Arts by Alice Brooks. The simple, elegant, and comfortable design is the key to the new fashions.

WARDROBE: WOMEN at wedding time are able to wear a variety of costumes. Mother of the bride plays major role in proceedings and should appear

Trinity Lutheran Church Is Scene of Silzer-Schultz Vows

Quartet of attendants accompanied Miss Gertrude Dornie Schultz down the aisle of Trinity Lutheran Church when she recently became the bride of Harvey Albert Silzer, Rev. E. Oswald performed the double-ring ceremony before an altar banked with baskets of gladioli and among scattered bouquets of pastel sweetpeas.

Bride, given in marriage by her father, is the daughter of Mr. and Mrs. Adolf Schultz, bridegroom is the son of Mr. and Mrs. William Silzer, all of Edmonton.

Bride wore gown of heavy brocade cream satin edged with leaf pattern. It was fashioned with sweetheart neckline, long, long-sleeved sleeves, and full, floor-length skirt which ended in a train.

FINGERING VEIL—Her fingerless veil of French illusion featured leaf design of lace applique. It fell from coronet of green satin studded with white seed pearls and pearls of clear glass and champagne clear. Her only jewelry was a gold cross, gift of the bridegroom.

Mrs. John Procter was matron of honor and Miss Agnes Schultz and Margaret Silzer were bridesmaids. They wore similar gowns of turquoise, mauve and yellow taffeta, respectively, styled with full backs and sweetheart necklines. They all wore gold crosses and bandeaux of daisies in their hair.

Little Sharon Fenne was flower girl. She was frocked in pink and white satin with lace over skirt. Her bandeaux was of sweetheart roses.

Each attendant carried colonial bouquet of roses, gladioli, larkspur, carnations and daisies. Leonard Leif was best man. Ushers were Gerald Schultz, Harold Lloyd, assisted by Arnold Leif, John Procter, Stanley Mincham, Arthur Schultz, Alvin Jim Mincham.

RECEPTION FOR 300—Wedding music was played by Jean Jankin, Ed. Giral presented 23rd Psalm at the beginning of the ceremony and during the signing of the registers. Miss Adeline Neuman sang "O Promise Me."

Reception for 300 was held in National Hall. Following her guests, bride's mother wore dress of grey tulle over pink. She chose green and white accessories with corsage of pale roses around her waist.

Bridegroom's mother was gown-d in blue and grey over rose with rose and ivory accessories. "Pianissimo" was the first song.

CHERRY TIME is fast meeting at British Columbia fruit orchards produce their last Bings of season. Preserving supplies will thin out and vanish by mid-August.

Girls Self-Reliant Now Says Teacher. THOMSON—(CP)—Miss M. Kenna, retired this month after 35 years as principal of a branch business school here, thinks modern girls are more self-reliant than ever.

Miss Mackenzie, 61, a native of Lethbridge, Ont., has seen 5,000 pupils pass through the school since it was founded in 1915 with a class of four. Although, she has changed in that time.

"There was one girl I remember who carried her books in a muff all winter so the stigma of attending business school would not be known apparent to her friends," Miss Mackenzie recalled.

"Nowadays, numbers of girls are putting themselves through school, saving their board and room by acting as mother's helpers, baby sitters and waitresses."

"I don't believe any girl chooses a career in preference to marriage, though no doubt a great many have careers that are good."

In early New England days, handwoven mittens were used for money.

AFTERNOON CEREMONY at McDougall United Church linked two Edmonton families, when Miss Jessie Davis became bride of David Richard Evans. Bride was attended by sister Mrs. L. T. Simonson. Glynn Evans was his brother's best man. Newly weds will make their home in Edmonton.

Football Bustles New Seating Hazard. PARIS—(AP)—Jacques Fath has buried the 1950 look this fall and replaced it with slim, body-hugging silhouettes emphasized by a broader shoulder line.

Fath's fall fashion showing put the emphasis on what he calls "discreet and comfortable" clothes. They are still super-slim, but have little pleats or godets, often trimmed with buttons set in just above the knee.

Fath retains just-below-the-knee length for his skirts, but because they are not nearly so tight this season, they give the illusion of being a little looser.

They are still super-slim, but have little pleats or godets, often trimmed with buttons set in just above the knee.

Highlights in his show included tremendous fur collars on jackets, topsuits with fanpleated, cast linings, styles held in place with arm-bands of fur and football-shaped bustles on formal evening wear.

He showed no short evening dresses. His suit jackets are double-breasted, long and well fitted. Brief jackets and seven-eighths-length coats are straight cut and have narrow skirts.

One coat was in grey worsted with white ermine collar and lapels lined with grey and white striped jersey, and with a sweater to match. Another in grey tweed was lined with emerald green.

Silly Questions Get Silly Answers

TORQUAY, Eng.—(CP)—Mr. Gordon Pease, a hairdresser, wanted seven pounds of soft green soap for shampooing.

She applied for it. She came a query from the authorities. Was the basin she would use get or dry?

Mrs. Pease's husband took a hand. He wrote: "In reply to your classic query as to whether a basin in a hair-dressing parlor used for shampooing is wet or dry, may I explain that when the cold tap is turned on, it gives out dense black soot. The hot tap emits a stream of moonbeams."

"If you ask any more silly questions, you will get some more silly answers."

Mrs. Pease got her soap.

Diagonal Lines Still Featured In Dior Fall Designs

PARIS, Aug. 1.—(CP)—Latest design from Christian Dior still features the diagonal line, now used in mottos, broadcloth, for frocks, the diagonal line accented with large buttons.

His suit jackets are double-breasted, long and well fitted. Brief jackets and seven-eighths-length coats are straight cut and have narrow skirts.

One coat was in grey worsted with white ermine collar and lapels lined with grey and white striped jersey, and with a sweater to match. Another in grey tweed was lined with emerald green.

Hidden Identity

The "man in the iron mask" served 12 years in two French prisons, with his face hidden in an iron mask. Only a few high government officials knew who he was. He died in prison, and was buried in the same way.

His suit jackets are double-breasted, long and well fitted. Brief jackets and seven-eighths-length coats are straight cut and have narrow skirts.

Russ Planes Are Said Asia-Based

Top Soviet Aircraft Thought In East Siberia Near Korea

By Max Boyd
WASHINGTON, August 2.—(AP)—American authorities say they believe that Russian air fighter strength superior to anything the United States now has in the Far East is based in Asia not far from the Korean conflict. They think the Russian planes are in eastern Siberia and possibly elsewhere.

So far, the temptation to Russia to reinforce the feeble North Korean air force has not been great. The Communist army has achieved victory after victory almost without air support.

Now, however, defense department officials say they are convinced that American reinforcements will stop the drive to throw the U.S. and South Korean troops into the sea.

Assuming that it is correct, the North Koreans ultimately should face a counter-offensive by built-up American ground and air forces.

CARE Director Reported Quit

PRAGUE, Czechoslovakia, Aug. 2.—(AP)—Herbert Lass, of New York director of the American relief agency CARE, was reported by the Prague Radio last night to have quit his post with a denunciation of U.S. fighting in Korea.

The government-controlled radio said Lass issued a statement to the Czech press declaring "I cannot continue to deliver American packages while the Americans are dropping bombs in Korea."

Aussie Minister To Start Flying Jaunt

CANBERRA, Aug. 2.—(Reuters)—Percy C. Spender, external affairs minister, will fly to London this week-end for conferences there and in the continent. It was announced today. He later will attend the meeting of the United Nations General Assembly in New York in the fall.

Russian pilots in Red China, but American authorities also doubt that the Russians have trained enough Chinese jet pilots to challenge U.S. jet fighters in the air.

A third possibility is that the jet planes might be flown by Russian volunteers.

Commonwealth Champion May Not Be Encouraged

By DOUGLAS HOW
OTTAWA, Aug. 2.—(CP)—Prime Minister Menzies of Australia is coming to Ottawa next Monday as an advocate of closer ties within the Commonwealth and between the Commonwealth and the United States.

Indications are he'll find Ottawa resistant to any suggestion that the existing close co-operation be placed on a more formal basis.

Prime Minister St. Laurent is expected to come up from his summer home at St. Patrick, Que., to greet Mr. Menzies.

Mr. Menzies will be here three days. He is expected to discuss trade and defence questions, among others.

CLOSER INTEGRATION
Mr. Menzies has long been a champion of closer integration of the Commonwealth.
